Greene County Vision 2020 Project

KEN PAXTON
CULTURAL ACTION PLAN

GREENE COUNTY, IOWA
COMMUNITY VISIONING

Resident ideas are essential to any community planning effort. After all, they know the community best. Through these visioning sessions, residents shared their hopes and dreams for their community. They contemplated what is missing in Greene County, what is needed to support workforce development, and

what would make Greene County a vibrant destination.

Several themes emerged from these three sessions, including:

- An indoor/outdoor sports complex
- An indoor pool
- An aquatic center
- A business class restaurant
- A brewery
- Walkable downtown that promotes retail
- Trail connections
- School bonds referendum

Residents believe there is the opportunity to expand live music offerings, youth activities, and connections between parks, trails, and rivers. They also noted there are updates needed to school infrastructure and housing.
Action Plan

- Regional Communities
- Complete Streets
- Connectivity
- Greene County Schools
- Business Class Brew Pub
- Sports Complex and Aquatic Center
- Daycare Expansion and Coworking Space
- Housing
